

3 PORTS 2 ESTUARIES 1 INTEGRATED SOLUTION

THE MOST FLEXIBLE RANGE OF OPTIONS FOR DECOMMISSIONING IN THE UK

Forth Ports is one of the UK's largest port groups. Our ports at **Dundee**, **Leith** and **Rosyth** working in collaboration with our strategic service partners have created a specialist proposition called Forth and Tay Decommissioning. Our facilities provide an integrated solution and competitive edge for North Sea Oil and Gas Decommissioning.

We provide heavy-lift, full topside disposal and recycling/waste management solutions supported by subsea pipeline, cabling, mobilisation and demobilisation expertise.

Providing you maximum project efficiency, our flexible and scalable solution combines:

- the resources and expertise of three ports
- close proximity to North Sea oil fields
- on-site craneage
- subsea fabrication specialists
- shipping agents
- offices and staff facilities
- skilled specialist labour and logistics support

Capability, capacity and location.
