
OFFSHORE DECOMMISSIONING CONFERENCE

Jointly organised by  and **OIL&GAS**UK

Sponsorship Opportunities 2017

27 – 29 November 2017 | The Fairmont Hotel, St Andrews

The Conference

The 2017 conference, run jointly by Decom North Sea and Oil & Gas UK, will take place from 27 – 29 November 2017 at the Fairmont Hotel, St Andrews. The conference will build upon previous sell-out events and will encompass sessions all focused on the latest decommissioning updates, trends and case studies.

The main conference will follow a welcome drinks reception on the evening of 27 November and will incorporate a gala dinner on the evening of 28 November.

The key objective of the conference is to bring a wide spectrum of oil and gas companies into one room; small supply chain companies, contractors and many of the large operators. Previous conferences have shown attendees to be actively involved and willing to contribute and discuss the challenges and opportunities associated with offshore oil and gas decommissioning in an open and engaging atmosphere.

Attending this annual event allows you to:

- Update your knowledge and learn from industry leaders and key stakeholders
- Take part in an excellent business development and networking opportunity, engaging with 350+ industry professionals

About Decom North Sea

Decom North Sea is the single topic, multi region membership organisation which connects capability with opportunity across the oil and gas decommissioning sector. As a not for profit organisation, Decom North Sea is working to enhance knowledge transfer and facilitate collaborative activities to deliver “innovative models” that minimise decommissioning costs, ensuring best value for tax payers and maximising business potential for its member companies. Decom North Sea has grown since its inception in 2010 to more than 350 members drawn from operators, major contractors, service specialists and technology developers.

About Oil & Gas UK

Oil & Gas UK, as the leading trade association for the UK offshore oil and gas industry, is at the vanguard of many industry initiatives to improve the UKCS business environment, to attract investment and enhance its safety performance. The association runs events throughout the year on a range of topics to address technical, operational or corporate issues. The events enable attendees to familiarise themselves with the latest developments in an industry that is constantly innovating and evolving.

Sponsorship Opportunities
