# ABOUT ME

- ▶ Regional Manager, Aberdeen & Stavanger.
- ▶ Part of the Decommissioning supply chain for over a decade.
- ▶ Began in the decom industry in 2012, in a technical role developing a Multi-String Cutting tool for subsea wellhead removal.
- ▶ In 2017, moved to the role of General Manager in Singapore with the objective of building a decommissioning service centre in SEA.
- ▶ Returned to Aberdeen in 2020 to drive Claxton's decommissioning growth in the North Sea.

# WHO WE ARE

**We offer bespoke solutions & services that are safe, fit for purpose and commercially attractive to customers**

- ▶ Six operational facilities worldwide with 350 staff
- ▶ 50% of our work is in Decommissioning
- ▶ Part of the Acteon Group

## **Our capabilities include:**

- ▶ Engineering analysis and technology development
- ▶ Drilling services
- ▶ Conductor and pile installation
- ▶ Asset life extension services
- ▶ Decommissioning and well abandonment services
- ▶ Offshore renewables services

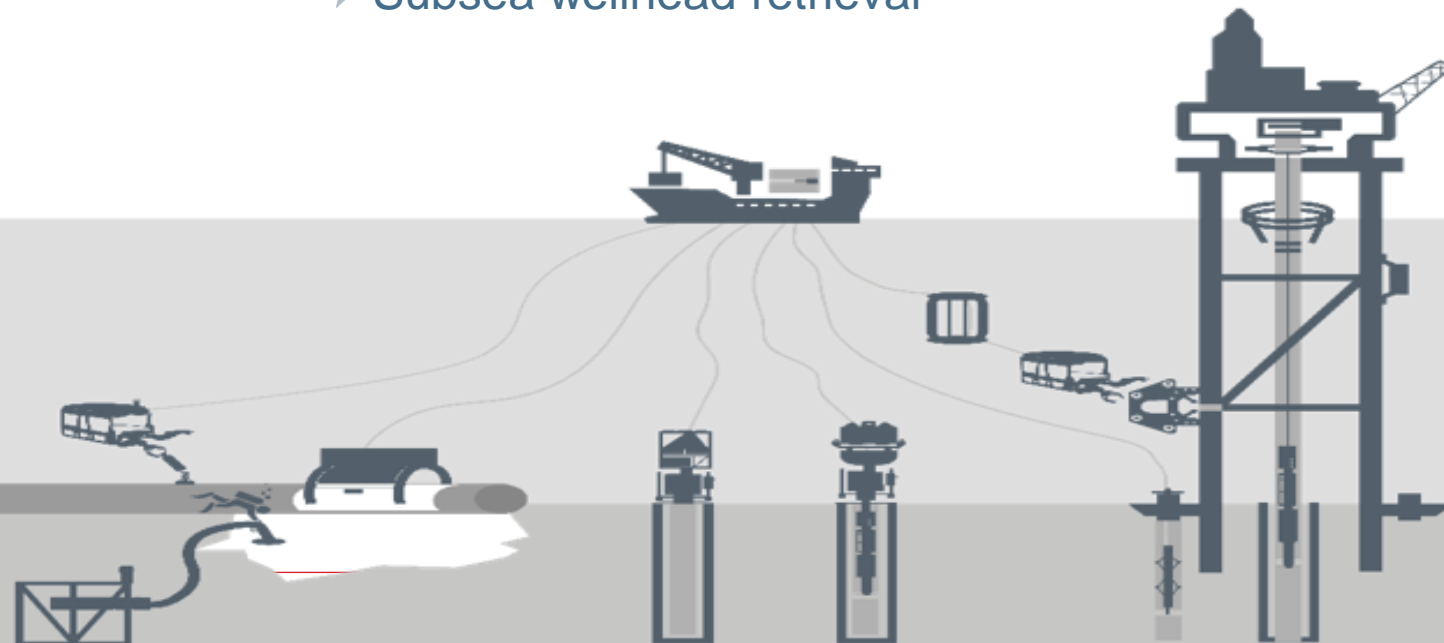

## Solving your decommissioning needs

### ▶ **Topsides, sub-structure and subsea removals**

- ▶ Water-abrasive cutting & verification
- ▶ Dredging for access
