

Monday 20 November

2.00 pm **Can Experience Drive Change?** Auditorium

An interactive session where attendees can share learnings and experience in key areas in offshore decommissioning. The session will be split into three separate sessions with an opportunity to attend all of these. Each session will look at key challenges and look for attendees to share their good practices, experience, challenges and learnings in these areas. These learnings and challenges will be shared to the Decommissioning community after the event.

In-person only workshop for conference attendees – limited availability.

Workshop will be limited to 100 attendees and will last 3 hours

Chaired by Walter Thain, Chief Executive Officer, THREE60 Energy and Will Black, Decommissioning Project Manager, EnQuest

Session
Championed by

5.45 pm **Drinks Reception** Kittocks Den and Zephyr Sports Bar

All conference attendees are invited to gather in the two hotel bars for an informal drinks reception to kick start the Offshore Decommissioning Conference 2023.

Sponsored by

6.30 pm **A Question of Decom** Atrium

A highly interactive session for the first evening of the Offshore Decommissioning Conference. Working in teams, attendees will have the opportunity to put their knowledge to the test and learn more about the offshore decommissioning industry through a series of technical and general knowledge questions.

Hosted by Rebecca Allison, Chief Operating Officer, Net Zero Technology Centre

Session
Championed by

7.30 pm **Opening Evening Dinner** Atrium

All conference attendees are invited to join OEUK for an informal dinner in the stunning Fairmont Atrium. This will provide a seated opportunity to further discussions with other conference attendees in a relaxed setting.

Tuesday 21 November

8.00 am **Registration and Exhibition Opens**

9.00 am **SESSION 1 – DELIVERING DECOMMISSIONING**

Opening the conference, this session includes an industry keynote address, launches OEUK’s Decommissioning Insight for 2023 and will allow delegates to hear from our Principal Sponsor, TAQA.

Session
Championed by

Welcome and Introduction

Jenny Stanning, External Relations Director, Offshore Energies UK

9.05 am **Keynote Address**

David Whitehouse, CEO, Offshore Energies UK

9.15 am **OEUK Decommissioning Insight Report 2023**

Ricky Thomson, Decommissioning Manager, Offshore Energies UK

9.30 am **Decom Delivery: Working Together To Meet Shared Challenges**

Donald Taylor, Managing Director, TAQA UK

9.45 am **Break and Exhibition Visit**

10.30 am **SESSION 2 – REGULATING AND INFLUENCING THE DELIVERY OF DECOMMISSIONING**

Representatives from some of the regulatory bodies will provide an overview on their role in decommissioning, along with their priorities/objectives and key focus areas. They will look to share some insights on the current decommissioning opportunities and challenges from a regulatory perspective and how they engage and interact with each other, and industry.

1.00 pm

**SESSION 3 – ENVIRONMENTAL PERSPECTIVES TO
DECOMMISSIONING**

Session
Championed by

The session will focus on what is being done within the environmental space and if we can work together to ensure, if needed more can be done.

Chaired by Ricky Thomson, Decommissioning Manager, Offshore Energies UK

1.05 pm

Dickon Howell, INSITE Programme Director, Howell Marine Consulting

1.15 pm

Elspeth Macdonald, Chief Executive and Secretary of the Executive Committee, Scottish Fishermen's Federation

1.25 pm

David Santillo, Senior Scientist, Greenpeace

1.35 pm

Emma Clarkson, Ecosystem Resources Program Director, Texas Parks and Wildlife Department

1.45 pm

Panel Discussion

2.15 pm

SESSION 4 – OEUK WORK BREAKDOWN STRUCTURE

Session
Championed by

This session will see OEUK launch a decommissioning work breakdown structure animation. Earlier in 2023 the decommissioning community voted for two focus areas to be showcased at the conference, attendees will hear project shorts from supply chain member companies focussing on well decommissioning and onshore disposal.

Chaired by Walter Thain, Chief Executive Officer, THREE60 Energy

SESSION 5 – SOLVING THE SUPPLY CHAIN DECOM CHALLENGE

The UK supply chain is globally recognised as a leader in offshore operations, and as a mature basin, the UKCS has pioneered many firsts and new approaches within the decommissioning sector. This session focusses on examples and case studies where companies have shown their innovation and technology to be instrumental in the approach and execution of decommissioning projects both in the UK and around the world.

Panel discussion chaired by Neil Gordon, Chief Executive, Global Underwater Hub

- Vikki Thom, Head of Business Development, Boskalis
- David Anderson, Regional Manager, Claxton
- Colin Cameron, Business Acquisition Manager, DOF Subsea
- Walter Robertson, Director, Phoenix Decom
- Bill Cattanach, Head of Supply Chain, North Sea Transition Authority

4.15 pm

SESSION 6 – PLANNED, SEALED, DELIVERED – WELL P&A

Well plug and abandonment campaigns are currently underway across the North Sea. This session will focus on real learnings and case studies from Operators who are planning and delivering these scopes. From subsurface isolation strategy through to offshore execution – come and hear about the lessons and reflections from delivering these projects.

Session
Championed by

Chaired by Caroline Evans-Guthrie, Team Lead - Well Abandonment Design, Shell UK Limited and Tom Quick, Senior Wells Decommissioning Engineer, bp

4.20 pm

An Integrated Approach To Effective Well Decommissioning From Subsurface And Wells

Dr Finlay Smith, Senior P&A Engineer, Repsol Resources UK Limited

4.35 pm

Seizing Opportunity and Embracing Challenge - Thistle Alpha P&A

Kevin Stillwell, Well Abandonments Operations Manager, EnQuest

4.50 pm

P&A At Scale – Observations, Lessons Learned And Recommendations

Andy Laird, Wells Manager, TAQA

5.05 pm

6.30 pm

Drinks Reception

Kittocks Den and Zephyr Sports Bar

All conference attendees are invited to gather in the two hotel bars for an informal drinks reception to mark the mid-point of the Offshore Decommissioning Conference 2023.

Always a popular part of the conference programme the networking reception allows an opportunity for delegates to further discussion with one another in a relaxed setting.

Sponsored by

7.30 pm

Gala Dinner

Atrium

All conference attendees are invited to attend the Conference Gala Dinner. This event takes place in the stunning Atrium under a magnificent light sculpture, allowing attendees to follow up on conversations with existing contacts and importantly build new relationships with others working in the decommissioning sector.

The Awards for Excellence in Decommissioning will be awarded at the event and the evening will conclude with unforgettable after dinner entertainment.

The evening will be hosted and entertainment provided by Kevin Quantum.

A number of tables will be reserved for OEUK and the dinner sponsor.

Remaining attendees have free choice of their seating.

Wednesday 22 November

8.30 am SESSION 7 – ENERGY – HOW INTEGRATED?

This session brings together voices from the oil and gas, offshore wind, hydrogen and carbon capture and storage (CCS) sectors to provide a perspective of the current status of offshore energy integration, outlining the landscape.

The challenges around scale of offshore wind power and its distribution through the grid and the possibility of some wind energy producers using the power for local hydrogen production and use rather than connection to the electricity or gas distribution systems will be discussed.

The opportunities available through CCS especially with the recent award of six CO2 storage and licence awards on the UKCS will be highlighted alongside the move to towards electrification of oil and gas production to reduce emissions while ensuring energy security.

Session
Championed by

Chaired by Professor Richard Neilson, Director of the National Decommissioning Centre, University of Aberdeen

8.35 am Carlo Procaccini, Chief Technical Officer, North Sea Transition Authority

8.50 am **Repurposing of Pipelines for CCUS Service**
Ian Matheson, Subsea and Pipeline Technical Authority, Kent Plc

9.05 am James Steven, Business Development and Growth Manager, DNV

9.20 am Panel Discussion

9.45 am **Break and Exhibition Visit**

10.30 am SESSION 8 – GLOBAL INSIGHTS

Several offshore global basins are increasing decommissioning activity over the next 5 years, with decommissioning planning and execution well underway. While the North Sea is one of the most advanced basins regarding decommissioning execution, with experience building up in other regions, there is an increasing opportunity for cross basin learnings in both directions, driving continuous improvements towards better decommissioning performance. In this session, IOGP and speakers representing basins beyond the UKCS will be discussing challenges faced or they have overcome, relating this to decommissioning planning and execution in the UKCS.

- 11.05 am** **Panel Discussion**
Chaired by Harvey Johnstone, Environment Director, IOGP

11.45 am **Break and Exhibition Visit**

12.15 pm **SESSION 9 – OPERATOR CALL TO ACTION**

In this session three operators will present their decommissioning outlook to raise awareness of the challenges and opportunities. After the presentations there will be a panel session with the opportunity to ask questions on the future outlook. The outcome from the session is that attendees will gain a greater understanding of collaboration opportunities and generate supply chain awareness.

Session
Championed by

Chaired by Rob Bush, General Manager, EEEGR

- 12.20 pm** Alex Appleby, Head of New Ventures (Decommissioning), Ithaca Energy (UK) Limited
- 12.30 pm** Andrew Shepherd, Decommissioning Manager, Perenco UK
